*"Arrive as a guest,
leave as a Friend!"*

"Thank you so much for the wonderful hospitality and attention to detail that you've shown us. You took the time to care for our needs and share your thoughts. We look forward to filling the house for a weekend and having others share in your warm hospitality. The breakfasts were divine! It really felt like home..."

Welcome to The Gibson House - A Victorian Bed and Breakfast, located in downtown Hershey, PA, known as the sweetest place on earth! A short stroll through the chocolate scented streets and you are at the gates of Hersheypark and all the wonders that this historic town has to offer. The proximity of Harrisburg, Gettysburg and Lancaster makes this a great central location for a pleasant getaway spot.

Opened originally by the Gibson family in 1986, this beautifully appointed Victorian bed and breakfast invokes the feeling of home-like comfort that is above reproach. Your innkeeper, Tom Powers, brings hospitality to a completely new level, with his keen attention to detail and amazing culinary skills.

Our bed and breakfast strives to create an intimate, quality lodging experience with a personal touch, steeped in Victorian charm. It is our goal to share with you a memorable experience and outstanding guest satisfaction that will keep you returning again and again. We wish to provide a pleasant departure from the impersonal feel of more institutional lodging, while still providing excellent accommodations and services. We have 5 comfortable rooms to choose from.

The house is one of the original homes built in the 1930's by Milton Hershey for his "Model Town", and is a fine example of the outstanding architectural quality and craftsmanship of it's time.

If you are simply looking for a quiet place, then relax on the spacious front porch with a good book and a complimentary beverage of your choice. Or, try the nicely landscaped courtyard with gazebo. No matter what you decide, The Gibson

House provides an idyllic atmosphere for relaxing and enjoying the company of old and new friends.

One of the best things about The Gibson House is location, location, location! We are located just two blocks from Hersheypark, and are convenient to many other attractions in Hershey, Harrisburg, Lancaster, and Gettysburg.

Concierge services are available to assist you once you arrive.
